AGENDA

1. Welcome - *Questar*

2. AGA-ANGA NVG Collaborative Committee Updates

The AGA-ANGA Natural Gas Transportation Collaborative Task Force seeks to advance the production and use of natural gas as a transportation fuel. The task force is focused on legislative advocacy, infrastructure development/business models, fleet conversions and manufacturer outreach, and marketing and education. Committee updates:

- a. **Infrastructure Development/Modeling** – Chris Paulsen, Pioneer; Craig Wagstaff , Questar
- b. **Fleet Conversions/OEM Outreach** – Taylor Shinn, Chesapeake Energy
- c. **Marketing and Education** – Britt Dearman, Apache

3. Transportation Initiatives Progress

The following companies will report on how they are actively advancing the use of natural gas as a transportation fuel. Presentations and discussions will focus on fleets, infrastructure and market development:

- a. **Questar** – Craig Wagstaff
- b. **Encana** – David Hill
- c. **Apache** – Britt Dearman
- d. **Chesapeake Energy** – Taylor Shinn

4. Open Discussion
